

11th SIG-III International Café Meet

Engaging in International Research Collaborations

Via Zoom

Thursday, May 15, 2024

9:00 am EDT

Zoom Meeting link available

via [iConnect](#)

SIG-III has organized its informal meeting "International Café Meeting" to provide the opportunities to all ASIS&T members. We invite scholars, at all levels in their career, including students to exchange ideas.

In this 11th Café Meeting, we will talk about international research collaborations in an informal and fun way. Join us for an hour of scholarly engagement, in an opportunity to share your current research contribution and find potential partners for future research collaborations.

The SIG III International Café cordially invites you to join their 11th themed session:
Engaging in International Research Collaborations.

When: 15th May 2024 9am EDT Via Zoom

**This is a free event, all attendees must register for this event
